Welcome...

The Roe Park Resort has established itself as one of Northern Ireland's premier golf destinations – both for the quality of its 18-hole parkland course and for the wider offering of this 4-star luxury resort. With its 118 stylish en suite rooms, choice of restaurants and bars and an extensive range of golf facilities, the resort offers players the ultimate in golfing luxury.

An 18 bay driving range, short game area, three practice holes, putting green and an indoor interactive video coaching system gives enthusiastic amateurs and seasoned players alike the opportunity to develop their game in this stunning location on the edge of the idyllic Roe Valley Country Park.

Given its location on the outskirts of Limavady, the 4-star resort is perfectly situated for golfers who also want to play the magnificent links on the Causeway Coastal Route. Castlerock, Portstewart and Royal Portrush can all be reached in under 30 minutes, while Ballyliffin is little more than an hour away.

Roe Park offers an inspiring round of golf that combines mature trees, ponds, rolling landscape and spectacular views across Lough Foyle, the Inishowen Peninsula and the rocky outcrops of Binevenagh Mountain. The condition of the course is always excellent and offers a rewarding challenge to golfers of all abilities. Nowhere is this more apparent than on the run for home, which starts at the 14th and ends in the heart of the resort itself.

“ Having played Roe Park I was impressed by the layout, in particular the closing holes which felt like they belonged to a tour standard course. The greens were superb, and I enjoyed the quality golf balls on the range while I warmed up for my round. A great golfing experience. ”

Michael Hoey, 5 time European Tour winner
